

## Key Stage 4 2022 Results

All learners when joining Three Towers are deemed unable to be educated in mainstream schools. Learners join and leave Three Towers throughout the academic year, they may leave Three Towers for a number of reasons such as moving to a more appropriate provision for their needs, returning to mainstream education or moving out of the area. Some learners were involved in the provision since from the start of Y10 whilst other learners entered the provision during the spring term of year 11. All our learners are given a pathway appropriate to their individual needs and ability, which include a wide range of qualifications and accreditations.

GCSE or Equivalent Headline Figures 2022	
Cohort size	46
Average Attainment 8 Score	10.1
5 x 4+ grades including English and maths	2.2%
5x 1+ grades including English and maths	21.7%

### **Commentary**

Three Towers headline figures show positive outcomes compared to national, regional, and local trends for AP's in England. The headline figures also show an upward trend from the outcomes of 2019 (last exam series) and the subsequent 2 years of CAG's and TAG's.

78.2% of learners achieved at least 1 GCSE or equivalent and overall, 13% of learners achieved at least a grade 4 in English and maths and 4.3% achieved a grade 5 in English and maths. All these surpass national, regional and local outcomes for AP.

93.5% of learners achieved at least one accreditation. Those who did not achieve any accreditation was either due to persistent absence or did not attend one of the exam papers which resulted in a U grade.

As a provision, in the academic year 2021/22, Three Towers offered 35 different types of qualifications ranging from GCSEs to BTECs to other accreditations. This highlights the amount of personalisation we offer our learners and the high expectations we have for all our learners regardless of ability or background. We work hard to ensure that learners study courses that are best suited to progress into the next stage in their education.

### Breakdown of Qualifications
